Hi Rita and Jennifer,

Good news, DuPont signed! Please see below. I asked Erik to convert three of the attachments to MS Word so I can compare them to the previous versions we sent the company. I am guessing Erik is out of the office already so I will do this on Tuesday morning. I am not supposed to be working on Tuesday so I am going to do the comparison and then go offline. Even if Erik is in the office today, Bob Kaplan has already left so the document can't be signed until he is back in the office.

Also, Rita, if you could please remind Erik about this on Tuesday morning, that would be great. I told him in the e-mail that is time sensitive. I want to make sure this is signed by Bob and Shawn ASAP.

Early Happy New Year,
Jenny

Good news. This afternoon we received final documents and the signature pages from DuPont and Chemours for the First Amendment to the 2009 SDWA Section 1431 Emergency Order on Consent. R3 is finalizing a soft press release, and we will work on Tuesday to update the sign-off packages and obtain signatures from the R3 and R5 Regional Administrators. Thanks, and Happy New Year. -Jacquie

Subject: Washington Works - First Amendment to Order on Consent

Folks –

I am attaching the final version of the First Amendment to Order on Consent, executed signature pages for Chemours and DuPont, the final version of the Model Water Treatment Plan and the final version of the Scope of Work for Supplemental Sampling Activities. Please let us know when EPA has executed the First Amendment to Order on Consent and what the official “effective date” of the amendment will be.

It has been a long process to get to this point and I appreciate your time and efforts in helping to make that happen.

Happy New Year!

Michael
